Our Benezon Telemedicine solution features 24/7 access to licensed doctors online and on the phone. Perfect for on-the-go families, reduction in ER and Urgent Care costs and a more efficient use of the healthcare system. This value-added service is essential for your Trusted Advisor Program™. Now, a doctor is always just a phone call away.

Client specific return on investment.

Monthly reports on utilization and productivity savings, while redirecting employees toward more cost-effective services.

Reduce your company's healthcare costs.

Telemedicine is a lower-cost alternative to doctor visits, urgent care visits or ER visits.

Keep your workforce healthy and productive the new way.

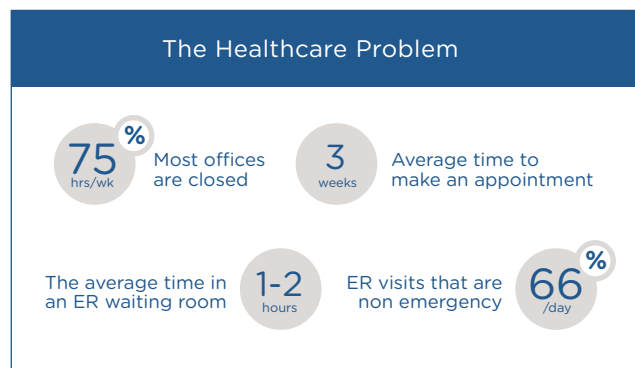

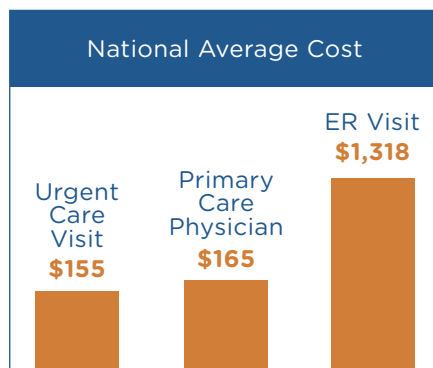

Benezon Telemedicine is your trusted partner to provide your employees with access to medical care around the clock, saving you time and money and keeping your workforce healthy. Employees can connect with a physician via telephone or video for medical consultations whenever they need care.

Benefits of Telemedicine to Employers:

- Improves access to healthcare for employees in remote locations
- Reduces employer costs related to employee doctor's office and ER visits
- Instant access to doctors cuts down on missed work time related to minor health issues
- Helps prevent minor employee health issues from becoming costly conditions
- Safeguards employers against the "Cadillac Tax" related to high health plan premiums

24/7 Access for Employees:

The American Medical Association notes that 70% of doctor's visits can be handled by telephone. Benezon Telemedicine gives your employees easy, streamlined 24/7 access to board-certified doctors via phone, email or video call.

There is no employer setup fee to use Benezon Telemedicine, and the service can be made available to part-time and contract workers as well as full-time employees.
